# turning visions into realities

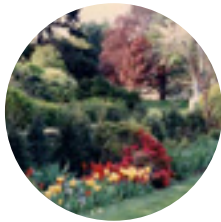

**Scenic Designs, Inc.** has been doing just that for over 20 years by providing top quality Landscaping and Construction services to our clients. Our company was founded on the principle that we could provide a better service at a competitive price. Our experience is unparalleled in the industry and we offer a broad range of services that allow our customers to use just one contractor for their entire project instead of many single service providers.

The desire to be the best at what we do was the founding principal of our business and continues to be our mission today. We have built our reputation by providing high quality in all aspects of landscape design, construction and maintenance, and we back up our work with the best warranty in the business.

We can take your vision from drawing board to completion, seamlessly fitting together each separate element of the overall project. Do you have a vision? Let us make it a reality.

## Our services include:

- Design
- Residential/Commercial Construction
- Maintenance
- Weekend Warrior

## DESIGN SERVICES

Whether you want to renovate an existing landscape, or create a completely new outdoor environment, the first and most important task is to develop an overall plan.

### A good plan will ensure that:

- your vision is clearly communicated, ensuring a positive outcome
- each separate element will fit together seamlessly, (i.e., masonry, paving, plantings, irrigation system, etc.)
- money is not wasted performing the same operation twice

### A good plan will also:

- allow the project to be completed in phases
- prevent the omission of important components, (i.e. drainage, lighting, etc.)
- ensure the proper materials are chosen to be incorporated in the finished product
- reduce the cost of maintenance (a well designed landscape requires less maintenance)

Scenic Designs employs accomplished landscape architects and designers who will collaborate with you to create a plan to turn your vision into reality. From drawing board to installation the plan will ensure your project is clearly communicated and comes in on time and on budget.

## RESIDENTIAL/COMMERCIAL CONSTRUCTION SERVICES

From pool decks to walkways to athletic fields, our skilled artisans, masons, and landscape professionals can complete any task within the landscape. Even the best designs can fall short of expectation if the execution is not performed with the expertise of a skilled craftsman. Quality workmanship and attention to detail are two of our most prized assets. Our skilled craftsmen work closely with owners and architects to guarantee the best possible execution of every design.

### New Homes/Residential

Our vast experience, quality workmanship, and competitive pricing have endeared us to numerous builders, architects, and home owners. We pride ourselves on helping them bring out the best in their property and the property of their clients. Let us help you show off the investment in your home.

If you're a home owner we can help you personalize your landscape and create a retreat for relaxing, entertaining and escaping the every day. Bring a bit of "paradise" to your property. Together we can turn your home into a personal oasis.

If you're a developer or architect we can help you bring your project in on time, and under budget. Our ability to perform a wide variety of services, from excavation and site work to masonry and landscaping means fewer sub-contractors are needed for the job. Our years of experience in each of these areas allow us to complete the many facets of a landscape project efficiently and seamlessly with no down time waiting for multiple contractors to arrive on your schedule. Let our installation teams make you look good on your future projects.

- Pool installation and renovation
- Water Gardens and Fountains
- Patios and Terraces
- Large Specimen Plantings and Screening
- Transplanting Services

### Commercial/Industrial

With the work day increasing, employees' expectations of their work environments are also increasing. And studies show that today, the working environment plays a much greater role in employee productivity than ever. Many corporations are taking "quality of life" issues into account when designing their landscapes. The corporate campus setting offers employees a relaxing, safe place not only to work but also to socialize before and after work and during lunch.

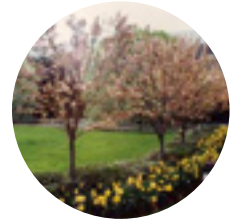

We can help you create a great working environment for your employees, while improving your corporate image.

Scenic Designs, Inc. has a unique resume of completed work that ranging from large scale development projects at corporate world headquarters to D.O.T. (CT Dept of Transportation) installations along I-95. The undertaking and completion of these projects, has given us a wealth of experience and knowledge. Let us bring this experience to your next project.

- Dining Terraces
- Tennis Courts
- New Walkways
- New Plantings and Flowers, (beds, planters, etc.)
- Seating (granite benches, seating walls, etc)
- Roof Top Gardens
- Athletic Fields
- Bocce Courts

### MAINTENANCE

Grounds maintenance services, both residential and commercial, are another area of expertise on which we have built our reputation. We are currently maintaining large commercial and residential properties. We hold the necessary Ornamental and Turf license to make all required pesticide applications. Our list of satisfied customers includes Fortune 500 companies, local municipalities, and many residential homeowners. One of our biggest thrills is to maintain a property where we have recently completed a new installation.

- Weekly Maintenance Services
- Mowing
- Weeding
- Spring and Fall Cleanups
- Aeration Services
- De-thatching Services
- Fertilizing/Weed control
- Mulching
- Arborist Services
